Luck has

NOTHING

to do with it

***Perseverance**: steady persistence in a course of action, a purpose, a state, etc., especially in spite of difficulties, obstacles, or discouragement.*

***Support**: to give strength to; friendship, family, teachers, coaches.*

***Responsibility**: a particular burden of obligation upon one who is responsible.*

***Strength**: moral power, firmness, or courage.*

Luck Has Nothing To Do With It!

Success is built on...

A framed Success Poem, attributed to Ralph Waldo Emerson (1803-1882), is displayed in my office. This poem has traveled with me from office to office throughout my career as a school administrator. It has been an integral part of my work space because I believe that Emerson's words speak about the kind of success that has a relevance and meaning for each one of us, wherever we are in life's journey. Throughout your lives, you will set many goals for yourself – personal goals, academic goals, financial goals, and career goals. Although your success in life is likely to be measured by how well you achieve them, this poem identifies the individual success that I envision for each one of you, the members of the WHRHS Class of 2013, a success that transcends fame, fortune, and personal gain. Happy graduation and best wishes for great success in the years ahead!

"What is success?
To laugh often and much;
To win the respect of intelligent people
and the affection of children;
To earn the appreciation of honest critics
and endure the betrayal of false friends;
To appreciate beauty;
To find the best in others;
To leave the world a bit better, whether by
a healthy child, a garden patch
Or a redeemed social condition;
To know even one life has breathed
easier because you have lived;
This is to have succeeded."

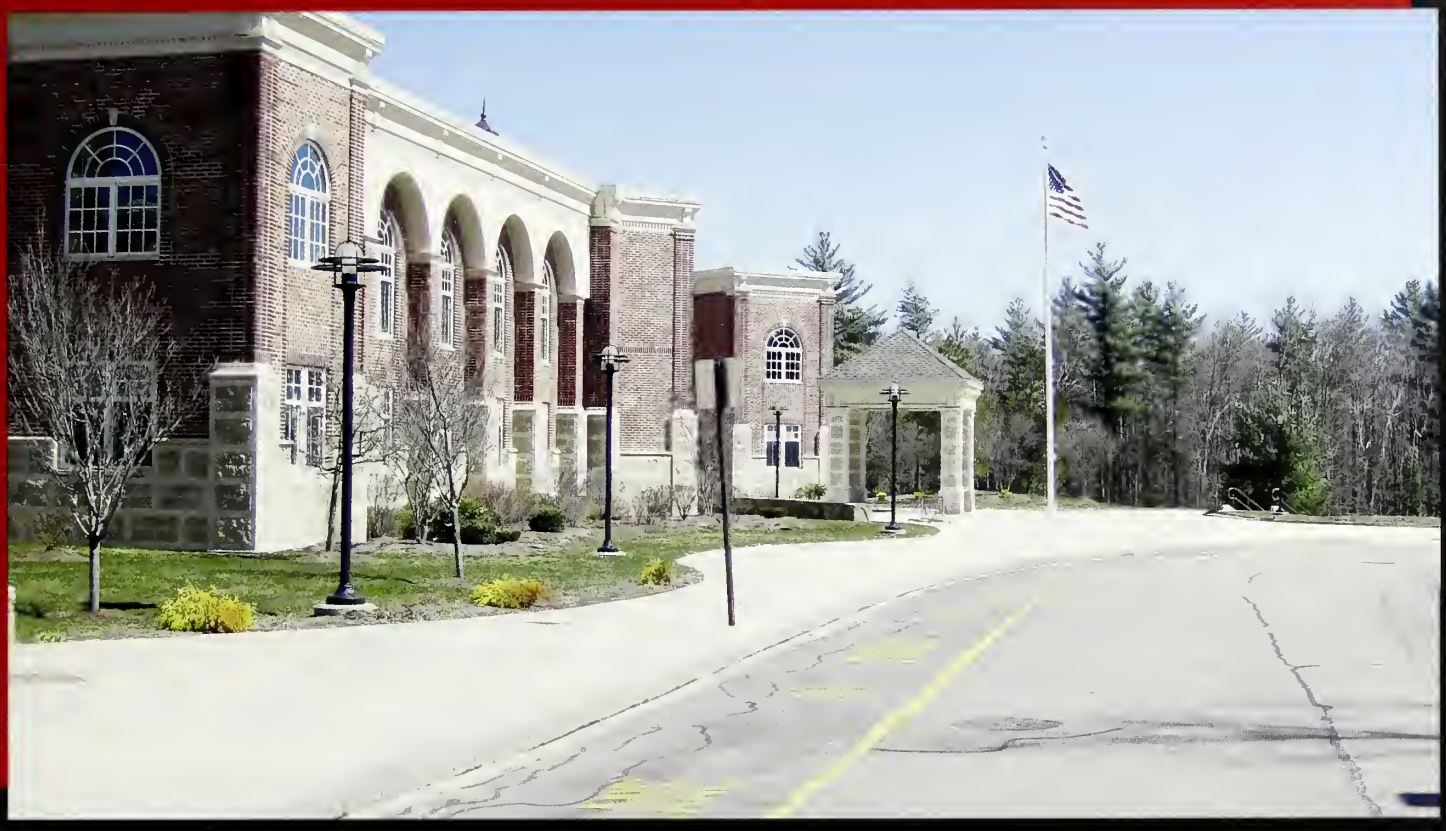
What's In The Number...

2013 holds a lot of value to this year's graduating class. The number 13 is a common symbol for luck. When it comes to discussing luck, most people have their own symbol. It may be a prominent number or even a lucky object. The class of 2013 was fortunate enough to be represented by the number 13. The cover, however, indicates that as a class the seniors have put luck aside and worked hard to graduate. Reaching graduation takes perseverance, support, responsibility and strength, all of which have been displayed by the students of Whitman Hanson Regional High school. Although luck is just an added bonus in the life a student, some here at WH find great comfort in the symbols of luck.



Red and black Nike Elite Socks are their lucky charm! They said that all 3 of them wore the socks to the D2 State Relay meet. They placed 2nd over all and broke the school record by a foot in the long jump. They all take a handful of sand from the pit and put them in piles by their marks, also for good luck.

Jeff always wears these red socks on finals day because he's too superstitious to break the tradition.

She said, "I won the position of Publicity coordinator for regional student council and an award for dedication in wrestling while wearing them." (Her lucky red shoes)

She said, "23 is my lucky number because it's always my number for soccer"

Though You Are Grown
Cynthia A. Sieving

I remember years ago,
you were so little then.
Sometimes,
I can't help but wish,
that you were small again.
I've cried when you've faced heartaches,
and saw, that as you grew,
nothing broke your Spirit,
instead it strengthened you.
I'm filled with mixed emotions,
as I hold back all the tears
and, with much pride remember,
back so many years.
When I first held you in my arms,
if only I'd have known,
the years would feel like moments,
after you had grown.
You aren't a child,
though in my eyes,
I guess you'll always be,
that baby boy who changed my life,
and means the world to me.

We adore you, Brody
